Technical Skills

Programming Languages:

Python, Java, JavaScript, PHP

Web Development:

HTML, CSS, jQuery

Database Management: MySQL

Tools & Platforms:

Git, GitHub, Visual Studio Code,
intellij IDEA

Soft Skills

- Strong analytical and problem-solving abilities
- Excellent communication and teamwork skills
- Quick adaptability to new tools and technologies
- Time management and multitasking

Personal Profile

I am a Bachelor of Software Engineering graduate with hands-on experience in web development and a strong foundation in coding. During my internship as a Web Development Intern, I developed responsive and dynamic websites using HTML, CSS, and JavaScript, collaborated with teams to integrate backend functionalities using Node.js and Express.js, and gained proficiency in tools like Git and Postman. My skill set includes database management with MySQL, a solid understanding of APIs, and responsive design principles. Additionally, I am well-versed in programming languages such as Python and Java, and have a passion for solving complex problems through innovative coding solutions.

Work Experience

Intern – Software Development

Markh Developer – [Nov, 2024]

- Assisted in developing and testing new features for a web design using HTML, CSS and JavaScript.
- Collaborated with the team to identify and resolve bugs.

Freelancer – Web Developer

- Designed and delivered responsive websites for small businesses using HTML, CSS, JavaScript, jQuery, Bootstrap and WordPress.
- Enhanced SEO performance and user experience

Education

Bachelor of Science in Software Engineering

Jinnah University for Women's
